

Cross Country and Track & Field are two of the few remaining Foothill sports programs where any student can fully participate regardless of athletic ability. This is a great opportunity for FHS students, but large teams require money to operate. With state and local budget cuts, the Track & Field program is not adequately funded. The Booster Club is tasked with raising funds to operate the team and really needs your support. Foothill has a long tradition of fielding strong track & field teams and your donation will allow for this quality program to continue.

Booster Club funds pay for:

- Team t-shirts for athletes,
- Dual meet timing
- Water and snacks for athletes at races,
- Coach stipends (partial),
- Awards banquet (partial),
- Senior and coaches gifts,
- Offset athlete costs for weekend invitationals, and CIF and state meets, and
- Super Boosters dues and insurance.

We would appreciate any contribution you can make to this worthy cause. Please make checks out to *Foothill Track Booster Club*. All donations are tax-deductible and a receipt can be provided if requested. Please contact the coaches, track booster club President or Treasurer with any questions.
Thank you for your support!
